Quote provided for Your Church

Quote Date: July 16, 2009

Lynne Modranski would like to assist churches in creating an affordable web presence. With so many people doing online research for everything in their lives now, it's vital that they be able to find your church on the internet. Lasting Impressions offers a plan specially designed to fit small church budgets. Why? Because Lynne has served with her husband in small churches for years and believes they deserve to have as much quality in their presentation and programming as larger churches. I hope you'll take a moment to view the proposal below and then visit the web address above to see how Lynne can help your congregation make a Lasting Impression

HOSTING OPTIONS

1. You secure your own hosting

If you have a web hosting presence, Lynne can still work with you to build your unique website. If your denomination offers free web space, this can be an ideal money saving option for your congregation. Please note that e-mail addresses and forwards may be limited by this option.

DOMAIN NAME REGISTRATION OPTIONS

1. Self Registration

You may register your own domain name at the registrar of your choice. Lynne uses www.namesecure.com for it's price and ease of use. This will cost \$10/year or less. If you don't use Name Secure, be sure the registrar allows IP forwarding.

2. Lasting Impressions Hosting \$25.00/yr

Includes:

- 2 gigabytes of web space (typical sites use less than 1/2 Gig)
- 10 gigabytes of traffic monthly (typical sites use less than 1 Gig)
- 5 mailboxes (ie: mail@yourchurch.org)
- E-mail Forwarding (up to 5 forwards) (Mail@yourchurch.org forwards to your current e-mail address)

2. Lasting Impressions Registration \$10.00/yr

Lynne will register and renew your domain name every year that you renew your contract with her. Additionally, should you choose to renew on your own, she can easily transfer this domain name to you at any time

OPTION 1 PROS

- No Annual Hosting Cost
- Only \$10/ year registration

OPTION 2 PROS

- More Web Space
- E-mail @ your domain

OPTION 1 CONS

- No exclusive e-mail addresses

OPTION 2 CONS

- Will cost an extra \$25/year
